★ NEW

DROP SHIP POLICY

Effective June 1, 2021, all Decotec orders (smaller than 1.5m) will be drop-shipped from Decotec's manufacturing plant in France, directly to showrooms across North America! This new policy will enable orders to be delivered within 4 weeks of PO date, as opposed to longer lead times when shipped by ocean. **We are including the freight costs of all drop shipments in 2021**, though extra charges may apply during certain periods, such as global pandemics, transport strikes, or commercial freight shortages. Extra charges will apply for deliveries requiring a liftgate.

Please note drop-shipping to residential addresses is not included.

MINIMUM ADVERTISED PRICE (MAP) POLICY

Effective January 1, 2021 a MAP (Minimum Advertised Price) Policy that has been adopted by Streamline Canada/Alore Design will take effect and will replace and supersede all prior MAP policies ever issued by Streamline Canada/Alore Design. This new policy applies to all customers, dealers and resellers and is being implemented in order to avoid any further distribution channel conflicts and to better serve our customers. Further, the policy outlined below is being adopted and unilaterally implemented by Streamline Canada/Alore Design as part of its efforts to preserve the premium branding and pricing associated with the company's products. Any information relating to a product on an Internet website is considered to be advertising for purposes of the policy set out in this memo. Thus, this policy is applicable to any and all advertising of the company's products over or by the Internet, whether done through a website controlled by a customer, through an auction website such as eBay®, or through Internet placements with third parties (e.g., banner ads and destination pages).

POLICY

The Minimum Advertised Price (MAP) for the following shall be:

Streamline Canada/Alore Design Products may not be advertised or sold at more than 25% off suggested list prices.

This policy is unilateral, non-negotiable and will not be altered for any customer. Each customer is free to determine for itself whether or not to follow this policy and how it will sell the products covered by this policy to a consumer or other purchaser, including the prices at which it will sell the products to the purchaser. Any method of granting a discount from the current suggested list price for a unit of the applicable product is intended to be covered by these policies. Thus, for purposes of determining whether or not a particular price is in violation of these policies, any discounts, coupons, allowances, gifts or other free goods or services offered with Streamline Canada/Alore Design products will be considered in calculating the price being advertised or offered by a customer. Advertised price is defined as the price presented to the customer on any/all browse or product display pages. Please understand however, that Streamline Canada/Alore Design is not asking for, and it will not accept, any agreement or other assurance of compliance from a customer regarding the policy. Similarly, Streamline Canada/Alore Design will not discuss any conditions or acceptance related to the policy, even if initiated by a customer.

Furthermore, any customer selling Streamline Canada/Alore Design products to other persons or businesses which advertise or otherwise promote Streamline Canada/Alore Design products by or over the Internet or other means used in connection with the transmission of communications to others by or through the use of a computer at prices that are in violation of this policy is also in violation of this policy and are not authorized to do so by Streamline Canada/Alore Design.

VIOLATIONS

Streamline Canada/Alore Design reserves the right at any time to audit and investigate the Internet advertising of Streamline Canada/Alore Design products by any of its customers. Any customer determined to be in violation of these policies is subject to any of the following steps being taken by Streamline Canada/Alore Design in enforcement of the policies:

1. Streamline Canada/Alore Design will notify customer in violation of the MAP policy. The customer in violation will be issued a written warning.
2. If a second violation occurs or no action is taken on an initial violation within thirty (30) business days, Streamline Canada/Alore Design will notify the offending customer and identify the violation by way of a second written warning.
3. Upon a third violation or lack of action on any initial violation, the customer's purchasing privileges for the product(s) in violation with Streamline Canada/Alore Design will be suspended for thirty (30) days and no further orders with Streamline Canada/Alore Design for the product(s) in violation will be shipped during that same period of time.

Streamline Canada/Alore Design reserves the right to notify customers that have chronic violations that their purchasing privileges may be suspended upon refusal to maintain adequate market prices. Streamline Canada/Alore Design reserves, in its sole and absolute discretion, the right to change the policy outlined in this Notice and to interpret, enforce and otherwise handle all questions and issues relating to this policy. Streamline Canada/Alore Design can also at their discretion offer limited time promotions where an identified customer can qualify for a retail price break on select items at no penalty. No sales representative or agent of Streamline Canada/Alore Design has any authority to change or enforce this policy, or to take any actions against or for any customer.

CODING INSTRUCTIONS

Each vanity comes with many different options. Coding can be a bit confusing but is very important in order to make sure you receive exactly what you want.

Basic coding starts with the **model number**, followed by the **basin**, **colour**, and **handles**. Some units require extra coding.

Each section's code should be separated by a period.

CODING ORDER

MODEL NUMBER . VERSION # . BASIN MODEL . COLOUR 1 . COLOUR 2 .
HINGES . HANDLES . HANDLE FINISH . ELECTRONICS . HOLE DRILLING . SPECIAL

VERSION NUMBER

Some units have been assigned version numbers due to small differences in the same model. The version number will appear after the model number.

For example:

Elysée vanity W80 with Lacquer/wood finish = 181370.1

Elysée vanity W80 with Lacquer glass & glossy lacquer finish = 181370.2

LEFT/RIGHT HAND HINGES

Some units require additional coding to indicate left hand / right hand hinging of doors. This should be indicated after the model number with an **RH** for right hand hinging and **LH** for left hand. For example, if the unit below required this specification the code would be as follows:
172602.800.077MA.RH.F

LED MIRRORS/ELECTRONICS

Mirrors with LED lighting or electronics add **.USA** after the handle finish.

HOLE DRILLING

No hole drilling = **NH**

Single hole = **leave blank**

3 hole drilling = **3SH**

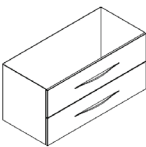

SPECIAL INSTRUCTIONS

For special instructions, add **.SPE** to the end of the code and describe specifications on order form.

LET'S CODE THIS BENTO VANITY.

1 We'll start with the **model number: 179304**

<i>Bento</i>	MODEL NUMBER	DESCRIPTION	W x D x H	WEIGHT	SUGGESTED RETAIL \$
	179004 (Lacquer)	Basin unit W100 2 drawers - Handle: Origine	39 3/8" x 17 3/4" x 20"	48kgs	\$2055
	179104 (Lacquer)	Basin unit W100 2 drawers - Handle: Handle-less			
	179204 (Lacquer)	Basin unit W100 2 drawers - Handle: Ondine or Bandeau			
	179304 (Wood décor)	Basin unit W100 2 drawers - Handle: Ondine or Bandeau			\$1755

2 Then model/colour of the **basin: 700**

ONE-PIECE WORKTOPS:

700 Ceramic white

800 Ceramyl® white
Only available with W150 units

3 hole drilling is only available on Ceramyl basins (.800) and solid surface basins (.100), not Ceramic (.700)

3 Then the vanity **colour: 051BR**

WOOD DÉCOR:

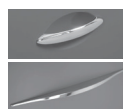

051

089

076

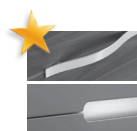

4 Then the vanity **handle: B**

HANDLES: Chrome, Ondine & Bandeau also available in matte black.

Origine

O Ondine CH/MB

B Bandeau CH/MB

Handle-less

5 Then the vanity **handle finish: CH**

Model: 179304 Basin: 700 Colour: 0751BR Handle: B Handle finish: CH

FINAL CODE: 179304.700.051BR.B.CH

FINISHES

LACQUER - available in glossy or matte finish. For matte indicate MA instead of BR.

★ A 10% surcharge on the unit's pre-tax price will be applied to metallic finishes.

Metallic finishes have double the lacquer coating, and are therefore extra glossy!

WOOD DÉCOR

Washbasin cabinet with a simple and contemporary design, customizable with a choice of 4 different handles. Available in 5 sizes: W60 (23 $\frac{3}{8}$ ") / 80 (31 $\frac{1}{2}$ ") / 100 (39 $\frac{3}{8}$ ") / 120 (47 $\frac{1}{4}$ ") / 150 cm (59"), as well as in 2 heights and a choice of 30 glossy or extra-matte lacquer finishes, and 3 wood finishes.

Wall-hung units available in two heights - 51 (20") and 75cm (29 $\frac{1}{2}$ ") - and four dimensions. Integrated ceramic basin complete with overflow and single-hole tap drilling. Drawer sides with double-layered metal containing runners with soft close mechanism. Drawer base is a beech coloured laminate panel, with central white compartment. Height adjustable polished zamac feet available. The Major mirror range with LED lighting and anti-fog system completes the collection. Units delivered assembled with ceramic basin delivered separately.

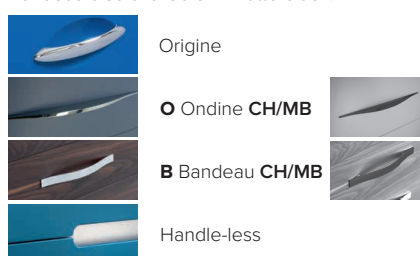

LACQUERS: available in glossy or matte finish. For matte indicate MA instead of BR. ★ = metallic finish.
A 10% surcharge on the unit's pre-tax price will be applied to metallic finishes.

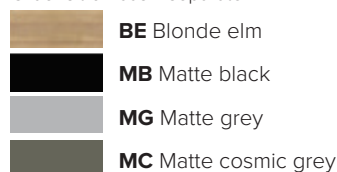

WOOD DÉCOR:

HANDLES: Chrome. Ondine & Bandeau also available in matte black.

Monochromatic harmony and contrasting materials highlight the style of this collection, which comes in 4 finishes unique to this line. The units are equipped with a ceramic worktop that supports a generously sized basin. Fully-extending handle-less drawers on double-walled metal runners with soft close mechanism. The W120 unit is available with 1 or 2 tap holes. **Mushroom waste sold separately for units with 2 tap holes.** The wall-hung format is only available with single basin units. Melamine interior with aged oak finish and accessories in steel epoxy finish matte black. Because functionality is essential, all Élysée furniture is delivered with drawer separators for easy organization. Mirrors Initial, Major, Major + and cabinets Élite complete the range.

LACQUERS: available in glossy or matte finish. For matte indicate MA instead of BR. ★ = metallic finish.
A 10% surcharge on the unit's pre-tax price will be applied to metallic finishes.

With its fluid design and clean lines, Épure brings a touch of elegance and refinement to your bathroom. The two large handle-less drawers open with just a simple press on the front. The basin worktop supports a generously sized basin with a built-in waste fitting and a concealed over-flow. The mirrors are equipped with LED lighting, an anti-fog system and a contactless sensor switch.

90 (35½"), 120 (47¼") and 145cm (57") - width single washbasin unit. One-piece basin worktop in Céramyl® with concealed overflow (waste fittings supplied with unit) and pilot hole for one-hole taps. Two push-release fully-extending drawers with built-in soft close mechanisms. Interior in natural beech finish. Units supplied assembled. 90 (35½"), 120 (47¼") and W140cm (55½") width mirror with LED lighting, anti-fog system and sensor switch – Class II – IP 44 – CE.

Jules

Jules, the promise of everyday well-being. Timeless but also moving with the times, with a Céramyl® one-piece worktop and three fully-extending soft-close drawers offering major storage space. The Jules collection combines comfort and pleasure with a sleek design.

Wall-hung units available in single basin version only, optional zamac legs in glossy chrome finish. One-piece basin worktop in Céramyl® with integrated overflow and pilot hole for one hole taps. Fully-extending double-walled white metal drawers with soft close mechanisms. Melamine interior in natural beech finish. Glossy aluminium handles. The Major mirror range with LED lighting and anti-fog system completes the collection. Units supplied assembled.

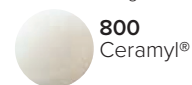

LACQUERS:

Only available in gloss finish

ONE-PIECE BASIN:

Comes with single hole drilling

--------------	--------	---------

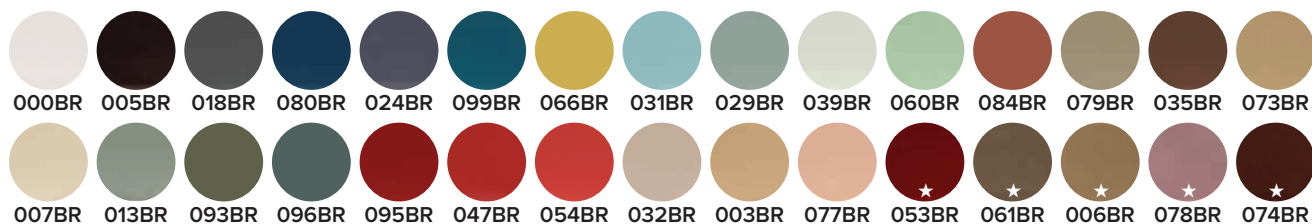

The unique double-curve front is the hallmark of the original Maestro collection! The vanity worktop floats as if suspended above the unit, emphasising the collection's light and fluid design. The asymmetrical vanity offers a wide and comfortable worktop. The Maestro collection is an open invitation for personalisation! Create your own harmonious design, use contrasts and tones to make a fashion statement and combine high-quality veneer with lacquer by choosing different finishes for the structure and the drawer fronts!

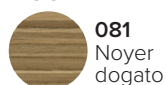

130 cm-width (51¼") single vanity available in right and left-hand versions. The veneer finishes are only available for the drawer facades. One-piece basin worktop in Céramyl® with concealed overflow (waste fitting supplied with unit) and pilot hole for one-hole taps. Two drawers beneath the basin and one drawer beneath the worktop with an insert drawer. Fully-extending drawers with built-in soft close mechanisms. Interior in natural beech finish. Units supplied assembled. 130 cm-width (51¼") mirror with LED lighting, anti-fog system and sensor switch – Class II – IP 44 – CE. Wall light in chrome-plated polished zinc – E14 socket – Class II – IP 44 – CE.

LACQUERS: available in glossy or matte finish. For matte indicate MA instead of BR. ★ = metallic finish.
A 10% surcharge on the unit's pre-tax price will be applied to metallic finishes.

Mont-Blanc

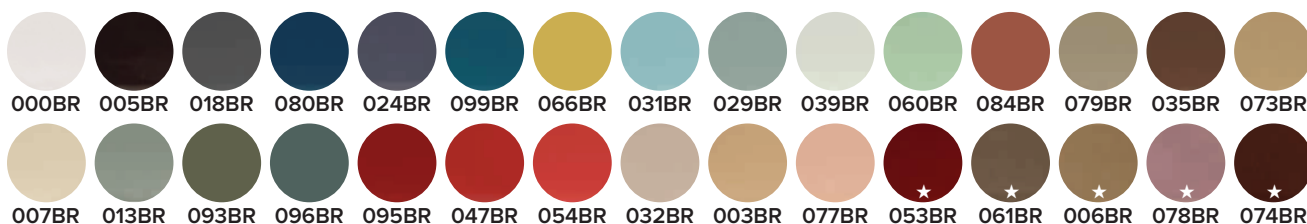

The Mont-Blanc collection, a subtle blend of majestic and elegant materials, transports us into a golden world of graciousness. Gold or silver; Mont-Blanc is luxurious and absolutely glows with its precious materials. The elegant Mistral towel rail in the Nacre finish, textile-look wallpaper and accessories with golden accents complete this resolutely chic style.

Vanity W120 cm. 25 glossy and extra matte lacquer tones, 5 metallic glossy or extra-matte (with a 10% surcharge) lacquer tones. One piece worktop basin in Céramyl® with concealed overflow. Fully extending drawers with built-in soft-close mechanism. Handle-less, hollow joints available in gold or silver brushed metal. Interior finish in walnut. Wall-hung unit supplied assembled with crawl space: depth 70 mm (2¾")

LACQUERS: available in glossy or matte finish. For matte indicate MA instead of BR. ★ = metallic finish.

A 10% surcharge on the unit's pre-tax price will be applied to metallic finishes.

Smart: Pure contemporary style. Calming and uncluttered, Smart seduces whilst making room for attention to functionality. Behind its minimalist exterior, Smart hides a large and practical interior storage space. Easily accessible and welcoming, Smart is a space-saver that sacrifices neither comfort nor aesthetics.

Collection offered in lacquered glass finish only. Ceramyl® monobloc worktop with integrated overflow and drilling for singlehole taps. Interior finish natural beech finish. Wardrobe with bi-zone LED lighting (front + bottom), electrical socket and sensitive touch switch. Class II IP44 CE. Furniture delivered assembled.

LACQUERED GLASS:

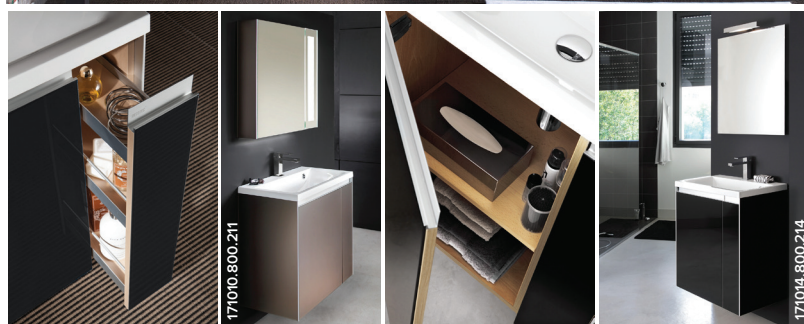

*Frosted matte finish

CERAMYL® BASIN:

All basins are delivered with single-hole drilling.

The Virtuose basin extends upward through its «spiral» shape to a journey into luxury and refinement. Curved & singular lines, a washbasin on the verge of flying through the skies. Its original lacquered drawers, easily opened by a simple gesture. Virtuose reveals its extraordinary interior of astonishing harmony in full-grain leather & smoked eucalyptus.

120 cm-width single Vanity. One-piece worktop in Céramyl® with concealed overflow (waste fitting supplied with unit) and pilot hole for one-hole taps. 3 drawers beneath the basin. Fully-extending drawers with built-in soft close mechanisms. Interior in "smoked Eucalyptus" matte varnish finish (drawer aprons in solid beech). On request drawer interior in genuine leather. Units supplied assembled.

LACQUERS: available in glossy or matte finish. For matte indicate MA instead of BR. ★ = metallic finish.

A 10% surcharge on the unit's pre-tax price will be applied to metallic finishes.

Extremely pure design is what first comes to mind with Vendôme. But if you look beyond this monolithic impression, you'll glimpse the details that bring this unit to life: the visual appeal of wood or high gloss lacquer; the luxurious drawer styling, spacious basin and expansive worktop. Vendôme's appeal also lies in the harmonious two-colour design that draws the eye to the varying shades, the contrast or the marriage of wood and lacquer. A truly unique collection!

A Polar White Solid Surface top with the semi-recessed Rialto 60cm washbasin in translucent resin can be fitted for single vanities 80 (31½"), 100 (39¾") or 120 cm (47¼") and double vanity 150 cm (59"). Beech finish interiors. Completely opening drawers with soft close mechanism. Units delivered assembled.

CLEANING AND CARE GUIDELINES

Depending upon the water quality (more or less calcareous), we recommend wiping your washbasins and worktops after use. This prevents limestone and scale deposits that can tarnish the lustre of your product.

WOOD VENEER AND SOLID WOOD VANITY UNITS

For daily cleaning we suggest cleaning your DECOTEC furniture unit with a soft sponge and liquid soap formulated especially for bathrooms or with soapy water. Rinse and wipe with a soft lint-free cloth.

Caution! Do not use abrasive products. Do not use acetone or paint remover.

CERAMIC WASHBASINS

Clean with hot water and a drop of dishwashing liquid. Use a soft sponge (non-abrasive) then rinse and wipe dry with a microfiber cloth. For tough spots use vinegar or Pure Brite cleaner.

Caution! Do not use abrasive products. Do not use acetone or paint remover.

SOLID DÉCOR BASINS AND WORKTOPS

Solid Surface is a very strong material that does not require any specific cleaning. Bathroom cleaning products can be used safely. To remove stubborn stains or possible scratches, you can use a household abrasive product (scouring cream or powder) or an extra fine abrasive sponge.

Caution!

- Do not use acetone or paint remover.
- Chemical cleaner: the use of this type of product should be limited to plumbing. In case of contact, rinse thoroughly with water.

GLASS FINISH UNITS - SMART/SMARTY COLOURS 210 & 211 - ALL ELYSEE LACQUERED GLASS

Clean with hot water and a drop of dishwashing liquid. Use a soft sponge (non-abrasive) then rinse and wipe dry with a microfiber cloth.

CERAMYL® AND TRANSLUCENT RESIN WASHBASINS

Non-abrasive liquid household products for the bathroom can be used without a problem.

CERAMYL®, CERAMIC AND TRANSLUCENT RESIN WASHBASINS

Two or three times a year, we suggest using a DECOTEC gloss polish (see above - 140457.100005) to brighten up the colours of your basins and worktops. An anti-calcareous cream can be used.

Caution!

- Do not use abrasive products.
 - Do not use acetone or paint remover.
 - Avoid direct contact with any heat source (eg: cigarette).
 - Chemical cleaner: the use of this type of product should be limited to plumbing.
- In case of contact, rinse thoroughly with water.

FOR FURTHER INFORMATION, SEE THE "INSTALLATION AND CLEANING" CHAPTER OF THE TECHNICAL GUIDE.
